

**Internship Admissions, Support and Initial Placement Data  
Program Tables Updated August 2020**

Iowa City VAHCS/Coralville Clinic is open to applicants who are interested in gaining training experience with adults with a wide range of mental health problems, including the psychological sequelae of medical illnesses, and neuropsychological disorders. An interest in and ability to treat Veterans with the above noted problems of primary interest. Graduate students from clinical and counseling programs, Ph.D. or Psy.D., are equally eligible to apply. We welcome applicants who value our commitment to fostering multicultural competence and increasing sensitivity to individual differences and diversity awareness as they apply to clinical settings. Our fundamental goals of internship involve the developments of a strong sense of professional identity and dedication to the highest standards of practice within the profession and the science of psychology. The philosophy of our training program is based on the practitioner-scholar model, a generalist approach to training, and a developmental training model.
